In Their Own Words...

"The education I received at St. Joseph of the Palisades helped me to develop the foundation to succeed in high school, college, and beyond. The spiritually fulfilling Catholic education, alongside a very well prepared elementary school program provided me the tools necessary for the world today."

-Jose Cruz, Class of 1983

Jose Cruz, recently in the New York Times, is a Senior Managing Director/Investment Sales at HFF, L.P., (Holliday Fenoglio Fowler)

"I credit the foundation I received at St. Joseph's with allowing me to reach the heights I've never dreamed of."

-Alexander Toledo, Class of 1992

D.O., Pharm.D., FAASEM, FAAP

Alexander Toledo is an Assistant Professor of Medicine and Pediatrics at Baylor College of Medicine in Houston, TX.

Our Mission

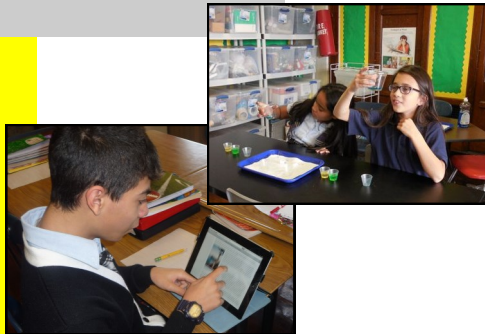

St. Joseph of the Palisades Elementary School strives to provide God's children with a Catholic education that instills lifelong learning. Our goal, as educators, is to incorporate an active faith and solid morals within a strong community that is diverse and accepting.

To accomplish these goals, St. Joseph of the Palisades Elementary aspires to provide a safe and caring learning environment for its students that is academically challenging and holds high expectations for all students. As educators, we fully recognize the basic truth that parents are the primary educators of their children. Therefore, we continue to build upon the foundation laid by the home. Consequently, the faculty fosters a family model of education providing an open relationship between teacher and student. This allows us to maintain a strong, positive, and collaborative relationship with parents. In all that we do, the faculty and administration respects and celebrates the unique gifts God has given each student and challenges the student to develop those gifts and reach their fullest potential.

Our purpose is to build a family that encourages the pursuit of knowledge and is guided by the service of God.
